

FOUR

VERY IMPORTANT PEOPLE

1.

YOUTH

It is a youth event after all! Work Camp is open to all high-school aged youth (rising 9th graders through graduated 12th graders).

2.

ADULT CHAPERONE

Adult participants (age 21+) who will be responsible for teens both at home base and worksites. Home improvement skills not required, but should be able to fully participate at worksites - and drive!

3.

CONTRACTOR

An adult with home improvement knowledge and skills who will teach and assist youth in completing work projects. They do not need to be professional contractors!

4.

HOME BASE VOLUNTEER

Adult participants (age 20+) who arrive one day before the participants (June 20) and manage tasks at home base. These duties may include kitchen assistance, set-up and clean-up, running team building activities, running errands, etc.

CHECK YOUR RATIOS!

Requirements for contractors, adult chaperones, and home base volunteers change based on the number of teens. Check the initial communication for those ratios!

BONUS !

Always safer to bring more than less. There may even be a discount in it for you! If you bring all the contractors required in the ratio PLUS extra contractors, you will receive \$750 for each additional contractor.
